

# Suicide Prevention in Faith Communities

## A Free Online Training

### What is the Faith Communities Initiative?

LivingWorks Faith training is an online evidence-based approach rooted in the wisdom of Scripture.

- A 5-to-6-hour training course for Christian faith leaders of all denominations
- Teaches faith communities the suicide care skills for prevention, intervention, and post-vention (what to do after a suicide attempt or death)
- Provides insight, stories, and guidance from over a dozen faith leaders
- Includes exercises to help practice your skills

#### To learn more about LivingWorks Faith program:

### Who should take the Faith training?

- Christian faith leaders of all denominations
- Vocational and bi-vocational clergy
- Non-traditional ministries and chaplaincies
- Anyone who wants to learn best ways to prevent and intervene before suicide
- Those who will minister around the issue of suicide in their congregations
